not expected to lead to complications. Officials consider that the future depends on Berlin.

Secretary Lansing expressed the view that the United States now was facing the question of whether it is willing to let a court of arbitration decide if the submarine commander was justified in his act. The court, it is understood, would not be expected to reach the general subject of the legality of submarine warfare.

Secretary Lansing said there was no evidence before him to indicate that anyone on board of the Arabic had seen a submarine before the sinking of the ship.

## BERNSTORFF DENIES HE 'USED' ARCHIBALD

By Associated Press.  
NEW YORK, Sept. 11.—Count von Bernstorff, the German ambassador, emphatically denied today that he had used or attempted to use James E. J. Archibald, the American messenger of Dr. Constantin D. Dumba, Austrian ambassador, as a message bearer to Berlin.

"I did not attempt to use Mr. Archibald as a messenger, chiefly because I did not think it safe, and he certainly did not prove safe," he said.

## BERLINERS SEE SIGN OF U. S. ILL WILL

By Associated Press.  
BERLIN, via London, Sept. 11, 1:15 p. m.—The report that the United States had requested the recall of Ambassador Dumba was received today for general comment in Saturday morning's Berlin newspapers, only the Morgenpost and Vossische Zeitung referring editorially to the report.

The former said only a dispatch from British sources is at hand and will reserve our judgment. Should America really demand the recall of the ambassador only because he, in the course of doing his duty, warned his countrymen against the treason of the Fatherland, it would afford a new proof of the attitude, which may hardly be described as benevolent, that America has taken toward us from the beginning."

The Vossische Zeitung says: "It does not seem to point to pronounced good will on the part of the American government. The ambassador only did his duty when he called the attention of subjects of the monarchy employed in munitions factories working for the allies to the criminality of their conduct under the laws of their Fatherland."

"We learn that printed sheets demanding the destruction of American munitions factories have occasionally been inserted surreptitiously in German newspapers sent to America. Propaganda of this sort is as criminal as it is silly. It cannot be described otherwise than as grave misconduct."

## LONDON PRESS IS UNIT IN APPROVAL

By Associated Press.  
LONDON, Sept. 11.—The request for the recall of Dr. Dumba, the Austrian ambassador to the United States, and Germany's note to the American government concerning the sinking of the White Star liner Lusitania, are the principal topics of comment in the London morning newspapers.

President Wilson's decision with regard to Dr. Dumba is approved by the newspapers as "a much needed step in the behavior of the United States."

The Standard expresses the belief that President Wilson's prompt action "will show the Germans that he is not to be trifled with, however long suffering he may be."

"Had the Germans waited two days longer," says the Standard, "we suppose the Arabic note, with its patent mendacity, would have been couched in less arrogant terms."

Referring to the German note concerning the Arabic, the Daily Telegraph says:

"The upshot of it all is that the lives of non-combatants depend upon the turn which the excited imagination of a German officer may take. We still have to learn what fancies visited the mind of the commander who sank the Hesperian."

Germany appealing to The Hague is a touch which beggars comment. We shall see what Washington will have to say to this insult to the world's intelligence."

## DOUBT GERMAN WORD.

The Daily News, dealing with Germany's note concerning the sinking of the Arabic, says:

"We have good reason for believing that no report has as a matter of fact, been received by the German government from the submarine which sank the Arabic. The whole story almost certainly is an invention and can probably be proved to be such."

The Times, in an editorial, finds the President's affirmation of the legitimacy of American trade in munitions in his decision regarding Dr. Dumba as important, "since it forebodes the full use of the President's veto should Congress be weak enough to pass a bill forbidding the export of war materials."

"Dumba's dismissal," it adds, "at any rate will convince Austro-German propagandists that there are limits even to American forbearance, and that when those limits are passed retribution is apt to be swift and peremptory."

Commenting on what it terms the difficulty of understanding the American attitude which results in the first definite step being taken to punish a breach of diplomatic etiquette instead of exacting reparation for the loss of American lives, the Times says it is willing to believe some governing

## Must 'Smile' When Name Is Called

Scene From 'Virginian' Is Repeated Here

When one man calls another man a naughty name and is sued for slander, he may do it "with a smile" or be presumed to have "smiled," and the court of slander is a matter of degree adjustment, according to the Superior Judge W. M. Conley of Madera, who yesterday sustained a demurrer of defendant in the case of Wiedenmuller vs. Fry.

Attorney for the defendant asserted that nothing derogatory had been intended when the application (not found in the dictionary) was used.

"Why, such names are frequently called in a friendly way," the Virginian, with a gun in his hand, told Trampas to "smile" when he used that name. It might not cast aspersion against one's ancestry.

"When I go back to Madera I won't think anything of it if one of my friends at the grocery store greets me with 'Hello, judge, you old son-of-a-gun, where have you been for the last two months?'"

In sustaining the demurrer the court said that the defendant plaintiff to amend his complaint.

## 15,840 Officers Lost by British During War

By Associated Press.  
LONDON, Sept. 11.—Officers' casualty lists for the fortnight ended August 30 indicate the savagery of the recent fighting in the Gallipoli peninsula, where the bulk of the casualties are accounted for. The British army lost 467 officers killed, 553 wounded and 136 missing, a total of 1,156 for the fortnight. This number has been exceeded only once in any fortnight since the beginning of the war, 4,000 casualties having been announced between May 5 and May 15.

Losses of officers since the outbreak of hostilities have now reached a total of 15,840. Of these, 4,750 have been killed, 8,885 wounded and 2,205 reported missing. During the last fortnight Brigadier General A. H. Baldwin has been killed, three other brigadier generals have been wounded, nine lieutenant colonels killed and two reported missing.

## France to Open Port for Switzerland Only

By Associated Press.  
WASHINGTON, Sept. 11.—Arrangements have been made by the French government to alleviate the practical isolation of Switzerland because of the war conditions at French ports, which ordinarily handle Swiss export business.

A report from Vice-Consul Dewitt C. Poole at Paris says France has set aside the port of Cette solely for the use of ocean traffic for Swiss-shipsmen to the inland republic. Swiss authorities have protested to the allied powers, setting forth the disastrous domestic conditions caused by the almost total stopping of imports. It has been stated that Switzerland was in a fair way to be confronted by a serious shortage of food.

principle exists, although it may not be apparent to British observers, and that President Wilson, having taken his stand, is not the man to be put off with any false issues.

## ACTION GRATIFIES FRENCH JOURNALS

By Associated Press.  
PARIS, Sept. 11.—The French press views with considerable satisfaction the action of the United States in calling upon Austria-Hungary to remove Dr. Dumba as ambassador at Washington.

"The die is cast and Washington now is passing from diplomatic controversy to action," says the Petit Parisien. "The note is courteous in style, but at the same time imperative. What ever Austria's response, the energetic act will have its effect upon the world."

Alfred Capus says in the Figaro apropos the American-Austrian imbroglio:

"Nothing marks better the universal moral discredit to which our enemies have fallen than the note pointing out that Dumba no longer is acceptable. Certainly it is not a declaration of war, but it is a declaration of incompatibility."

## ONLY COURSE FOR U. S. TAFT SAYS

By Associated Press.  
TACOMA, Sept. 11.—Ex-President William H. Taft, in Tacoma, issued the following statement to the Associated Press:

"In my judgment the administration has pursued the only course open to it in the case of Ambassador Dumba. After the admissions made he could no longer be persona grata to the American government."

The former President delivered two speeches yesterday. One was of a political nature and was made to an audience that overflowed the Empress Theater. The other was before the Business Men's Military Instruction Camp at American lake.

In his address before the business men-soldiers the ex-President said: "I am strongly in favor of introducing in our schools and universities a military training such as may be given youth of the age, so as to prepare them, according to their years, for a more thorough course should the need arise."

"I am as strongly in favor of peace as any one. I abhor war as much as any other man, but it is one thing to know that adequate forces are at hand for our protection and another to let other powers, armed to the teeth as they are in Europe, walk all over us. And if other powers feel that we are helpless they may try to walk over us."

"We have happiness, we have great equality and a better social system than any other country. We are going to lose them in disastrous war? No, and it is such as you who will save us from such a fate."

In his address at the theater ex-President Taft restated his views on the necessity of political parties. Only the "colonels and majors and captains of the third party are continuing its ceremonies and forms," he said, in predicting a reunited Republican party. "There are more republicans than there are republicans."

Professor Taft last night was the guest of Hugh Wallace, prominent Democrat, at dinner and later S. A. Perkins, Republican national committeeman. He left at midnight for Oregon and California.

## U. S. CONSIDERING CARRANZA PLAN

Thousands of Mexicans Flee Across Boundary to Native Haunts.

(Continued From Page 1)

ing between Carranza and Villa forces would have a marked effect upon the course of future negotiations.

## VILLA LOCATED.

By Associated Press.  
EL PASO, Tex., Sept. 11.—General Villa was located, according to authentic reports early today, in the vicinity of the ranch of General Urbina, at Nivaria, 30 miles south of Santa Barbara, Chihuahua, where General Tomas Urbina is reported to have stored his loot of two years' plundering. It is said, to five million dollars.

Villa's purpose, it is said, is to compel Urbina to turn the loot over to the Villa government.

General Urbina, who has retired from the fighting line, is said to be surrounded by a large body of adherents.

The possibility of a clash between the two leaders causes uneasiness here among Villa adherents.

## MEXICANS FLEE COUNTRY.

By Associated Press.  
BROWNSVILLE, Texas, Sept. 11.—About two thousand Mexicans have left this section for Mexico, according to figures obtained here today. At one ranch near Sebastian, Texas, all four Mexican tenant families have left, leaving their crops unharvested. Other Mexicans who own land have abandoned everything except household goods in their haste to get back into Mexico. A large part of these are what is termed here as "good Mexicans."

In some cases American owners of lands they had worked for years are giving the Mexicans a share of the crops which would have been due had these tenants remained, but even making these arrangements is difficult because the Mexicans refuse to accept the loss of even for an hour's business interest.

## FEAR OWN PEOPLE.

The Mexicans who have fled to Mexico have not gone alone on account of the rigid clean-up of bad characters made by American peace officers, but also in fear of bad men and revolutionists among their own people on the American side.

In addition to two Mexicans known to have been slain by their own people, it is stated that two or three other Mexicans at least have been killed by the bandits.

The use of shotguns in some of these killings has been held as partial evidence against Mexican plotters, as the organized forces on the American side carry pistols.

Still so great that Mexicans found out alone at night are in great peril and a Mexican seen on horseback with a gun or rifle in any time of the day is in danger of death.

## FUNSTON'S FORCE ADEQUATE.

General Funston reported that with the forces now under his command he could patrol the entire Rio Grande river front from Laredo to the Gulf.

"It is believed," General Funston's message said, "that with the force now at my command it will be possible in the course of a short time largely to reduce, if not prevent the activities of armed bands, who may be marauding bands from the Mexican side or outlaws and horse-thieves from the American side."

"It is well established that heretofore many individuals composing bands of bandits who have given us so much trouble have been made up of persons crossing from the Mexican side and getting arms from concealed stores on the American side and have then started on pre-arranged raids."

"When pursued or hard pressed by sheriff, posses, rangers or soldiers the bands have broken and recrossed into Mexico."

## MEXICANS IN CLASH.

By Associated Press.  
NOGALES, ARIZ., Sept. 11.—Carranza cavalry, part of the force under General Elias Calles, which is investigating Nogales, Sonora, engaged a detachment of the Villa army today, six miles east of here and half a mile from the border. It was estimated that 3,000 men were engaged, the Villa troops being under the leadership of General Urbalejo, a Yaqui chief serving with Governor Jose Maytorena.

## Venezelos and King Conferring on Policy

By Associated Press.  
ATHENS, via Paris, Sept. 11.—The conferences between Premier Venizelos and King Constantine probably will be protracted over a considerable interval. Until these discussions have been completed it is improbable that Greece will adopt a definite policy in regard to the international situation.

Diplomatic representatives of Austria and Germany are disturbed by this evidence of a forthcoming decision concerning the nation's foreign policy. Nevertheless, the task of the premier, whose inclination toward the entente allies is well known, has been made more difficult by the recent reverses of the Russians, which seems to have strengthened the position of the party which is opposed to intervention in the war and to have raised doubts in the popular mind regarding the strength of the allies.

Some irritation has been produced, moreover, by what is regarded as the attempt of the allies to influence Greece unduly to make unwelcome territorial concessions to Bulgaria. This feeling is being counterbalanced to some extent, however, by the indignation aroused by the reported ill-treatment of Greeks in Turkey.

Apprehension concerning the policy of Bulgaria may be described as the key to the situation. Any suggestion that Bulgaria be strengthened seems to blind the Greeks to all other considerations.

R. R. Reibenstein, D. J. Matthews and George Pulich, mayor, city commissioner and city clerk of Stockton, respectively, are in Oakland today looking over municipal improvements here. ## U. S. HUNTS WOMAN SPY; SUSPECT HELD

Longshoreman is Arrested for Trespassing on Government Property.

By Associated Press.  
NEWPORT, R. I., Sept. 11.—Nicholas A. Card, a longshoreman, was arrested by United States Marshal John J. Richards last night on a warrant charging him with trespassing on Rose Island, government property, where a magazine for storing war supplies is situated.

With a handsomely dressed woman as a passenger in his boat Card is alleged to have gone to the island on August 24. He was ordered off by a sentinel.

The federal authorities today were trying to learn the identity of the woman and her object in visiting the island. Card said that she was a Newport society woman who had hired him to take her about Narragansett bay on a pleasure trip.

Card will be arraigned in the federal court at Providence today.

## Secret Service Probes Grain Elevator Fire

By Associated Press.  
NORFOLK, Va., Sept. 11.—Secret service men and representatives of the intelligence bureau of some of the foreign belligerents are investigating the burning of the Chesapeake & Ohio grain elevator Saturday night. A German, registered at a local hotel, who made frequent trips to Newport News during the week prior to the fire, disappeared Saturday night and has not been seen since. Efforts of the agents to locate the man have been unavailing.

RUSSIAN ITALIAN

By Associated Press.  
PETERSBURG, via London, Sept. 11.—The official communication issued by the Russian office says:

"On the Bereth (Galicia) our troops having yesterday repulsed a series of enemy attacks delivered counter attacks in the sector above Terepola and in the district of Terepola. The Austrians were forced to beat a precipitous retreat. According to a provisional estimate, we took five thousand prisoners, among them sixteen officers, and a large number of wounded and sick. The Austrians are gradually passing into our hands."

"On the left bank of the Dvina, south-east of Riga we are fighting and we are progressing in the region between the Mass positions and the Grose. The Nevhut railway. West of Jurbat in the fighting continues with undiminished intensity. In the direction of Irbinsk there have been several successful engagements."

"On the road from Vilkomir the enemy with strong forces has taken an energetic offensive since the morning of the ninth, in the region of Kourk on both sides of the road. Our machine guns and automobile detachment contributed actively to a repulse of the enemy. The engagement continues."

"Between the Sventits and Vilna the enemy's infantry and cavalry made a local attack on our troops in the region of Sharvity. On the other roads toward Vilna there has been no change."

"East of Ordo, supported by a strong artillery, the enemy has undertaken a series of attacks against our positions since the morning of the 10th in the direction of Skidel and also on the lower course of the Aljwizna river. The attacks have been repulsed."

"German offensive at 4 o'clock in the morning along the road toward Skidel, accompanied by a strong fire from heavy and light artillery, was arrested by the fire of our batteries. After 7 o'clock in the evening the German fire sensibly increased and they resumed the offensive, making desperate efforts to break our front, but this attempt also was repulsed by the concentrated fire of our artillery and machine guns. We also repulsed a German attack near the village of Leady, south of the bridges on the Niemien."

"Between the remainder of the front as far as the Pripiat the enemy made attacks only in the region of Rozhany and continued his offensive along the left bank of the Pins. The attacks near Rozhany were repulsed by our fire at close range followed by a bayonet charge. The Germans chased from Rozhany a great crowd of inhabitants, whom they used as a cover in approaching our positions. In the direction of Kremenetz the enemy bombarded our troops with asphyxiating gas projectiles and engaged in a combat in the region of the upper Goryn river."

By Associated Press.  
PETROGRAD, via London, Sept. 11.—The following official statement was issued last night at the headquarters of the army of the Caucasus:

By Associated Press.  
AMSTERDAM, via London, Sept. 11.—A Turkish official statement received here claims some minor successes for the Turks at the Dardanelles between September 3 and 7, and says that in a night attack on the Iraq front they killed four enemy officers and a hundred men, while the Turkish loss was four killed and nine wounded.

TURKS LOSE IN RAMAYAN.  
By Associated Press.  
ROTTERDAM, via London, Sept. 11.—Careless watch kept by the Turks, who were observing a week of fast prescribed by their religion, was responsible for the successful landing of British forces at Suvla Bay, according to the testimony of German officers, says the Constantinople correspondent of the Courant. The newspaper's representative asserts he has been informed to one saw the approach of the British transports and convoys of warships, or the landing of troops with artillery. The Germans are said to have declared that if German troops had been on watch, not a single British soldier would have been able to land.

German officers who have fought in other theaters declare the ferocity of the struggle on the Gallipoli peninsula has not been approached elsewhere.

POETRY ENTERS  
DIVORCE CASE

Pretty Woman's Marital Freedom Depends on Few Lines of Verse.

SAN FRANCISCO, Sept. 11.—F. L. McAuliffe, counsel for Mrs. Millicent Dunley, wife of Thomas Dunley, a wealthy contractor of Albany, N. Y., must deliver into the court books if he would win a divorce for his client, according to a stipulation made in Superior Judge Morgan's court this morning.

McAuliffe is accustomed to searching the law for legal precedents in his favor, but he was given a new twist today and therefore is now looking for a verse of poetry. Attorney Joseph L. Taaffe, who is counsel for Dunley, has agreed that if McAuliffe finds the elusive quotation he will not contest Mrs. Dunley's suit.

Taking the witness stand this morning the fair plaintiff stated that a year ago she had come to California with the understanding that her husband was to join her. She claims he failed to do so, and she has been forced to support herself and her child. Her charge was desertion. The court was inclined to question the sufficiency of the evidence and Attorney McAuliffe admitted that Mrs. Dunley had been in the city for some time.

"And, as the poet says, 'An affection once lost is never revived,'" concluded the attorney.

Attorney Taaffe declared that there was no such quotation and that the words had never been spoken by a recognized poet. McAuliffe declared he had come across it in his school days. He was given until next Tuesday to look up the lines, the court meantime taking the case under advisement.

CREDITOR PETITIONS  
FOR INTEREST ON DEBT

By Associated Press.  
CHICAGO, Sept. 11.—R. D. Stevens, attorney for the Bankers' Trust Company of New York, appeared before Judge Carpenter in the United States district court today with a petition asking that the interest which fell due July 15, 1915, on \$20,000,000 worth of Chicago, Rock Island & Pacific Railway debentures be paid immediately. Judge Carpenter, who appointed receivers for the road some time ago, stated that if the trust company would agree not to make an effort to have the debentures defaulted he would promise that the receivers would have tangible assets, thus far undistributed, to offer in payment of the interest within thirty days.

Stevens said that so many of the debenture bonds were held in Holland that a meeting of the bondholders' committee was impossible, and he could not agree to the proposition. The lawyer then submitted figures purporting to show that the railroad is in position to pay the interest.

SHIPLOAD OF TOYS IS

By Associated Press.  
NEW YORK, Sept. 11.—Forty-five hundred cases of toys, believed to be the first shipment of its kind to reach this country from Europe since the British order in council, arrived here today aboard the Holland-American freight steamer, the Rotterdam. The shipment was held up at Rotterdam with other goods destined from Austria and Germany to this country, valued, it has been estimated, at \$15,000,000.

WILL REPLACE SERMON

The modern conception of worship will be strikingly illustrated at the First Congregational Church tomorrow evening when a "seeing California-stay-at-home tour" will take the place of the usual sermon. Last week the members of the congregation were invited to contribute slides made from their own vacation experiences, and these will be shown as fresh grounds for thankfulness for this wonderful state, whose assets in scenic wealth is as widely appreciated. Attendees are asked to be in their places at 7:30, as the songs will be sung from the screen, making the seating of late comers difficult.

DISAPPEARANCE OF  
STUDENT MYSTERY

Police of Entire State Asked to Look for George Osborn.

SAN JOSE, Sept. 11.—George K. Osborn, son of Dr. G. K. Osborn of Covelo, Mendocino county, is missing, and police officials all over the state were asked today to assist in the search for the boy.

Osborn visited friends in Palo Alto September 5, and left them to come to this city to enter the College of the Pacific. He was to have stopped at Mountain View to get a ticket from that place to this city as his ticket ran out there. He has not been seen since. After three days had passed without word of him, his parents were informed by telegraph and Dr. and Mrs. Osborn hurried to this city to put the machinery of publicity in motion in the effort to find him.

The boy is sixteen years old, a graduate of the Covelo High School and was employed for a time this summer in the forest service in Mendocino county. He has a scar which resembles the figure 1000 on his hand, having received an injury with a branding iron while a child.

WOMEN'S TITLE IN  
GOLF AT STAKE

Interest in Day's Play at Del Monte Centers on Pommer-Baker Match.

DEL MONTE, Sept. 11.—Mrs. A. R. Pommer of San Francisco met Mrs. Thomas S. Baker of the Burlingame Country Club today for the women's championship of California. Mrs. Pommer gained the right to compete in the finals by defeating Miss Edith Chesbrough, Exposition champion, 2 up.

Mrs. Baker won from Mrs. E. S. Van Dyke, Southern California champion, five up and four to play. Mrs. Baker, in accomplishing the feat, turned a medal card for 18 holes of 53, a women's record for the course.

Southern California glories today in the defeat of Heinrich Schmidt by their own champion, Scotty Armstrong in the finals for the men's championship. The new California champion has been a strong contender for championship honors, and managed to win in 1911, and was runner-up in 1912 when Jack Neville was returned a winner at Claremont.

The defeat of the Claremont was more a matter of temperament than anything else. Schmidt played off form nearly all the way, and while he held his own to the end, Armstrong was playing his strongest golf. Schmidt staged a rally in the last half of the first eighteen, and the players went to lunch with Armstrong one up for many of the morning.

The rally stopped with the start of the afternoon play, however, and the Southerner steadily increased his lead until the end came with 6 up and five to play.

The open tournament for amateurs and professionals which starts today on the Del Monte course will occupy the elite for the next few days. Opinion picks a professional for the first honors, John Black of the Claremont, and George Smith of Del Monte being quoted as the favorites. If the amateur field, Jack Neville and Heinrich Schmidt of the Claremont Club are primed for work.

MRS. SWINERTON WINS.

The mixed foursomes which were played after the completion of the men's championship yesterday resulted in the victory of Mrs. A. R. Swinerton and Jack Neville for gross honors with a 12.

The best net score of the day was made by Mrs. W. S. Johnson and H. Spens Black. Their gross score was 92, but a handicap of 20 strokes created them with a 72 net score.

DUPE OF MATRIMONIAL SWINDLERS BRINGS SUIT

FRISCO, Sept. 11.—Alfred Ferdinand, the Sanzer ranch who paid \$100 for a wife from a San Francisco matrimonial concern, and failed to get the comely bride as promised, has filed a complaint against Angelina Martin and I. P. D'Angelo, or charges of obtaining money under false pretenses.

Ferdinand sets forth in the complaint that O'Angelo's promised him a comely Italian girl if he would pay her insurance policy amounting to \$150 and \$20 costs. Since he has learned the bride, a Miss Julia Francis, is a fictitious person, he declares, he declares, was real, however, for it was to him that he paid the money, as an agent for Angelina Martin, who conducts a marriage information bureau in San Francisco.

DISCOVERED ZINC ORE.

BAKERSFIELD, Sept. 11.—William Ryan and T. S. Parson have discovered zinc ore in the district above Caliente, and plans are being made to begin development work on several claims. The ledge extends nearly three-fourths of a mile and varies from 24 to 30 per cent. The ore averages 50 per cent. zinc.

CREEK BED SINKS  
THIRTEEN FEET

Erosion Assists Officials in Preventing Flooding of Cottage Grove.

SAN JOSE, Sept. 11.—Guadalupe creek, which runs through this city, has lowered its bed thirteen feet in twenty years. This was brought out when a contract was let for a ditch to carry the surplus waters of the Canaan creek into the Guadalupe.

Twenty years ago a similar ditch failed because the Guadalupe's flood waters backed into Canaan territory, instead of the Canaan sending water into the Guadalupe. Erosion has so lowered the bed of the larger stream that the new ditch will carry all Canaan flood waters into the Guadalupe, and save Cottage Grove from a flooding, to which it has been subject almost annually for many years.

DAYLIGHT BURGLARS IN  
SAN JOSE ELUDE POLICE

SAN JOSE, Sept. 11.—Working in broad daylight, yet leaving not the slightest clue to their identity, burglars have looted five San Jose homes within the last ten days, stolen goods valued at nearly \$5000 and disposed of the loot without the police being able to get the slightest trace of it.

Their latest exploit was at the home of Mr. and Mrs. C. G. Vaghts at 222 North Fourth street. During a short absence of the family the thieves entered and ransacked the house. Even silverware left standing on the dining room table after dinner was sorted out from the rest of the dishes and taken. Jewelry, money and tableware valued at \$1000 was stolen. None of the neighbors saw any trace of the thieves.

COUNTY CHARTER  
PLAN OF BUTTE

Chico Business Men Back the Campaign for Change in Government.

CHICO, Sept. 11.—The proposal to inaugurate a campaign to obtain a county charter for Butte was endorsed at a meeting of the Chico Business Men's Association.

As a result of the meeting President John H. Guille of the association was appointed a committee of one to interview the voters of Biggs and Gridley to determine whether they would lend their support to the movement.

Chico's movement for a county charter is the result of the decision of the supervisors to levy a tax for the construction of a hall of records. Oroville over Chico's protest. It is also a sequel to the county seat removal fight.

J. A. Walker declared Chico has been controlled by Oroville for 40 years because Chico does not fight. The present high taxes must come down.

"JUSTICE, NOT REVENGE."

J. T. Bevin appealed for a charter "not for revenge but for justice." W. F. Hill and C. M. Powell also favored the charter.

An analysis of the vote cast at the last election showed that the second district, which includes Chico, had twice as many votes as any other district in the county.

Professor E. L. Miller of the Normal school stated that in a conversation with the assessor of San Bernardino county, which is operating under a freeholders' charter, the latter stated that under the charter form of government the expense of the county had been cut in half.

By vote of the meeting, the president of the association was instructed to appoint a committee to take the necessary steps to obtain a freeholders' charter for the county.

Snow and Frost Caps  
Hottest September

By Associated Press.  
WASHINGTON, Sept. 11.—With snow falling at Helena, Montana, temperatures near freezing in North Dakota, Montana and Northwest Idaho, the hottest September weather on record in Georgia and heavy rains in the Great Lakes region, the country's weather today presented a wide variety.

Warm weather promises to continue in the south, but north of Virginia and east of the Mississippi cooler weather will come tonight and Sunday.

## SNOW DAMAGES CROPS.

By Associated Press.  
HELENA, Mont., Sept. 11.—A mantle of snow greeted the residents throughout Northern Montana when they arose this morning. Low temperatures prevail throughout the north central and northeastern parts of the State and harvesting is at a standstill. Crops that have been cut and are still on the ground are damaged to a considerable extent.

Alameda "Hi" Beats  
Lowell at Rugby

ALAMEDA, Sept. 11.—The Lowell High School Rugby team was defeated today at Lincoln Park by the Alameda High School, the score being 17 to 5. Up until the last of the game the teams fought evenly, but in the latter portion Alameda ran up a high school. The Alameda forwards were weak in their play, but Coach Otto Rittler expects to strengthen the positions in the next few weeks. This was Alameda's second game of the season, the team having defeated Cogswell last Saturday.

BRAVES WAR DANGERS  
TO WED IN CALIFORNIA

LOREDSBURG, Cal., Sept. 11.—Coming direct from Beverly, where 7000 subjects of King George are training for active service in the European conflict, Miss Emily Chapman, an English war nurse, became the bride of Arthur Conn this afternoon, the ceremony being performed at the home of Mr. and Mrs. George V. Hay.

Miss Chapman made a hazardous journey from England to join hands with the man of her choice who preceded her to this place a year and a half ago. She sailed from Liverpool August 25 on the St. Paul. The boat steered shy of the Irish coast, and, until it was a hostile waters, the small boats were all kept swung for immediate use in case of emergency.

Among the 400 passengers were 36 survivors of the Arabic tragedy. According to Miss Chapman, the men of her country are ready and anxious to fight for the King. She says the women are hoping for peace.

"SOCIETY'S an empty thing to people with empty heads, but not to the rest of us." That is what Anthony Hope makes his hero say in his latest novel, "A Young Man's Year."

And it is a sentence with a word of meaning, for "society" has grown very complex. It overlaps many other worlds and it lends its strength to many a cause. It is the backbone of the philanthropies, and the suffrage movement gathered a great impetus when society women were convinced of the justice of the cause.

And in the present great cataclysm the society women have come bravely to the foreground and they have established hospitals and have themselves taken places as nurses, realizing that executive ability has been needed in the great pressure of events. Mrs. Edith Wharton and Miss Constance Drexel are leading examples of the American women's helpfulness in time of need.

The great ship which sailed out of our harbor loaded with food and warm clothing for the Belgians was the concrete expression of women's work, of that of Mrs. Mark Requa, Miss Annie Brown and Miss Ethel Moore. And it reached its destination and every "grain of corn" went to the Belgians. The great good work of the Herbert Hoovers can never be fairly estimated, and all the American supplies have gone under their direction, and they have reached the Belgians.

To Mrs. William Crocker belongs the credit of having done a really big thing for Poland. She planned the Garden Fete which was given at New Place, and which realized for Poland the sum of \$7000, the greatest sum ever realized at any garden fete in California. There will be added to that fund \$5000 from a Californian, whose name is not to be known. That will go a long way in giving bread to women and children and seed to the farmers.

And there has come to the front in a musical way charming Mrs. Jack Casserley of Burlingame, who has made the superb "Innisfall Quartet" a possibility in California.

The quartet gave a concert in the theater at San Mateo, and \$1000 was realized for the benefit of the soldiers blinded in the war.

Mrs. Jack Casserley is a leader in the social world and she plays superbly on the piano.

She is at the piano in the Innisfall String Quartet, and this quartet has been made possible by her splendid generosity. It is really a memorial to her father, the late Richard Cuddey of Chicago, who added the development of music in that city in every possible way.

October, on this side of the bay, might fitly be named "the month of charities."

First on the list is the play, "The College Hero," to be presented by the Oakland New Century Club, of which Mrs. Robert Watt has been the president for a score of years. Mrs. Watt spends a great deal of time with her son and daughter-in-law, Mr. and Mrs. William Watt, of Napa, but she motors from there for the meetings of the club. Her daughters are Mrs. C. O. G. Miller and Mrs. Donald Y. Campbell. The need of the club's work in West Oakland grows steadily greater.

Mrs. Watt has named the following patronesses for the affair:

Mrs. Edson Adams, Mrs. Henry Clay Taft, Mrs. William Letts Oliver, Mrs. Edward Walsh, Mrs. Philip E. Bowles, Mrs. George S. Wheaton, Mrs. A. Moore, Mrs. Albert Palmer, Mrs. Henry Wetherbee, Mrs. James Moffitt, Mrs. Harry East Miller, Mrs. Louis Ghisardelli, Mrs. S. T. Alexander, Mrs. A. Schilling, Mrs. R. A. Eilman, Mrs. Mark L. Requa, Mrs. George McNear, Mrs. A. J. Ralston, Mrs. M. W. Kales, Mrs. George Greenwood.

Mrs. John Newton Porter is the co-president of the club, and she is presenting Mrs. Watt when the latter cannot be present at the many rehearsals of "The College Hero."

## FASHION SHOW IS SET FOR OCTOBER.

For October is also scheduled the "Fashion Show," for which elaborate preparations go busily on, under the personal direction of Mrs. Edward Williamson, who is chairman of the event.

The Bay Hospital managers are planning a big bazaar and the Red Cross is a great rallying cen-

workers includes nearly all of the prominent young matrons of the city.

## SUFFRAGE CAMPAIGN TO HAVE ECHO HERE.

The suffrage campaign in the East will be represented out here this month by leading women to whom the cause has meant much.

Lord and Lady Aberdeen will arrive in San Francisco the latter part of October after their visit to Canada. There will be a series of elaborate affairs in their honor, and many of the hostesses of Burlingame and around the bay will entertain in their honor.

A large luncheon and reception will be given on this side of the bay, the presiding hostess to be Mrs. A. C. Posey, chairman of the Woman's Auxiliary, P. P. I. E.

## RECEPTION AND BALL FOR MRS. BELMONT.

There will be a reception and ball on September 15, the presiding hostess to be Mrs. O. H. P. Belmont.

Among those who are taking a great interest in the affair in San Francisco are Mrs. Phoebe A. Hearst, Mrs. Frederick Sanborn, Mrs. M. H. de Young, Mrs. Lovell White, Mrs. Elizabeth Gerberding, Miss Frances Joffe, Mrs. Frank Deering, Mrs. George Sperry, Mrs. Julius Kahn, Mrs. Fremont Older.

On this side of the bay those who are taking a great interest in the affair are Mrs. Frank C. Havens, Miss Anita Whitney, Miss Ethel Moore, Miss Mollie Connors, Mrs. Arthur D. Thomson, Miss Anne Florence Brown.

## ATTENTION GIVEN EXPOSITION AFFAIRS.

Women prominent in social affairs have taken a great lead in Exposition entertaining, and so far has been their work that the traditions of hospitality enfolded California ideals have been bravely and honorably sustained.

Indeed, well may one echo Anthony Hope's most appropriate sentiment: "Society's an empty thing to people with empty heads, but not to the rest of us."

## SMART SET MEETS IN INTEREST OF POLAND.

Bar Harbor is a great rallying cen-

ter of the Eastern smart set women. There was a meeting of them there last week in the interest of Poland. A distinguished European woman called Poland the "knight among nations, a country full of romance and of great deeds."

She recalled that at the time of the Revolutionary war Poland sent aid to the thirteen colonies, and said that after Poland had done all she could for us it seemed only fair that she "could and would turn to us in the time of her distress and peril."

The work on the bandages and dressings at the war relief headquarters has been progressing steadily all summer, and 47,000 dressings have been made and 4000 bandages. In addition to these items more than \$10,000 has been given to the association to buy articles for the sufferers in Europe.

Bar Harbor has also had its fashion show, and prominent society women acted as mannikins, the show netting \$2000 for the American Ambulance in Paris.

The finest costume worn was called "Navarre," and was of the time of Henry IV. A charming young girl wore it. It was of soft shell pink satin, with small puffed sleeves, in satin, of two tones deeper than the dress. The ornament was a link chain of diamonds and silver with a stunning medallion.

## SURPRISED AT LACK OF KNITTING HERE.

The Eastern visitors are remarking that very few of the California women are knitting for the soldiers, or are crocheting. They have been told that what is the use of knitting socks that no one could wear, and as for sewing for them, "the call of the wild," the love of the great outdoors is too insistent. California women must give their help some other way, and they do. It is a more effective way, and they are not taking any chances.

Money and food and California's contributions, made possible by California women.

## IS STILL TIME FOR DEBUTANTE.

With the great pressure of big problems brought to bear in the lives of the society women of today, there

is still time for the debutante, the sweet American girl, the budding flower of American womanhood.

"Standing with reluctant feet, Where the brook and river meet"

And as she stands with the lovely light shining in her eyes as she looks expectantly into the future the American girl is altogether charming. And one loves her if she is of the California type. But times have changed greatly in favor of the young girl when formal school days are over for her.

Her debut was formerly an event to be greatly dreaded—it was of so much importance, and so much of social prestige for the pretty debutante depended upon it. Only a season or two ago, the ordinary "coming out" in Washington was described in colorful fashion by a well-known member of the smart set.

"The hostess knew she could make a showing with an afternoon function, a reception from five to seven, say, with the other buds there, and plenty of flowers and food and music. After much thought she planned a reception and a dance."

This would enable her to ask to the reception all those whom she could by any possibility ask and who might add some distinction to the affair, and to make up an extremely select party for the dinner, about fifty, of the most desirable ones were invited to the dance. She flooded society with the invitation for the reception, sending out fully five hundred cards."

Times have changed for the better for the debutante. Last season she had her coming-out by way of a dance, given at one of the leading clubs, and the young people danced in the later hours of the afternoon. It is imperative, however, to have older people at a coming-out reception.

New York strikes the first note in preparing for the debutantes. One reads of them.

"There will be many debutantes this winter and their parents are at present busy selecting dates for entertainments to be given in their honor during the coming season. It

MISS MARJORIE MIDDLEHAM, ONE OF THE BELLES OF THE SERVICE SET ACROSS THE BAY.—Fraser photo.

is rather a difficult matter when time then for the social round.

Coming out affairs are scheduled always for the early season, because then the debutante will be included in invitations issued for many affairs, and it gives time also for her friends to plan entertainments in her honor.

Among the well known girls who are among the debutantes of this year are Miss Enninn McNear, Miss Dorothy Stone, Miss Leslie Miller, and Miss Alice Clare Smith. Miss Elsie Posey, and Miss Helen Goodall are in college, but they are both very popular in the social round which includes so many of their young friends.

There is a very bright sub-debutante set, which is not coming out this year. The girls have graduated from what is known as the "secondary school" and they are to study a year longer.

Among the girls are Miss Amy Requa, Miss Amy Long, Miss Harriet Walsen, the Misses Hanchette, Miss Elizabeth Adams, Miss Laura Whitlamson, Miss Anne Elizabeth Crowder, Miss Mary Adams, Miss Ida Henshaw, Miss Harriet Brown, the youngest daughter of the Frank L. Browns, is going this year to Miss Harner's School at Palo Alto.

Two debutantes have already had their coming out parties, one of them pretty Miss Coleman, and the other Miss Doris Rye. The latter is a friend of Mrs. Hermann Oelrichs, and she has made her debut in Newport, where her mother had the Thaw cottage on the famous Bellevue avenue. Miss Phyllis De Young has been her guest this year.

## NOTABLE VISITORS ARE ENTERTAINED.

It was said that in the late autumn there would be specially interesting people on this coast and the prediction is certainly coming true. For each day sees something of spe-

cial importance planned for a notable visitor. One of the most attractive guests is the Countess De Salazar, wife of the Spanish representative to the Exposition. She was a very charming hostess of the week at a luncheon which she gave at the Francisco club, complimenting Senora de Melendez, wife of the president of Salvador. The decorations were very gorgeous, for they were done in the colors of Spain in compliment to the guest of honor. The flowers were in red and white and gay festoons in red and yellow added to the brilliant coloring. The guests invited to meet Senora de Melendez were:

Mrs. James Ralph Jr., Mrs. Joseph Tobin, Mrs. M. H. de Young, Mrs. William B. Luman, Mrs. James Ralph, Jr., Mrs. E. Mejia, Mrs. I. Lowenberg, Mrs. Van C. Torchiana, Mrs. Eleanor Martin, Mrs. Arthur Murray, Mrs. Norman Mack, Baroness Creze, and Madame Y. Numano.

The Countess de Salazar and Senora de Melendez will be guests in Oakland at the receptions planned by the various clubs for September days, and other compliments will be offered them in the coming autumn days.

Mrs. Norman Mack of New York was another hostess of the week, entertaining at the Burlingame Country club in honor of Mrs. William Howard Taft and Mrs. James Wadsworth, the latter the wife of New York's new Senator. This is the first luncheon in which autumn dainties have been used in decoration.

The center piece was of grapes in all varieties, and gorgeous dahlias added effective touches of color to an exceedingly fine color scheme. Among the visitors to California this month is Mrs. Potter Palmer of Chicago and Paris. Mrs. Palmer is coming to the Exposition by way of the South, and she will be here in a few days. It will be interesting to note her impressions of our Exposition, since she was at the head of the woman's board in the great Chicago fair.

Mrs. Palmer is a great friend of Mrs. Isaac Requa, who met her in Chicago exposition days. Mrs. Requa went East to represent California, and the fine showing of our State there was due to her endeavors. Mrs. Requa has a very superb pendant, a gift to her in recognition of the good work which placed our State in the front rank of states at the Chicago fair.

Mrs. Palmer and Mrs. Requa have always kept up the friendship begun in those days, and their meeting at this Exposition, years later, will be very full of interest.

## PICTURES IN THE MEDDLER.

Mrs. Philip Bowles has been one of the prominent hostesses of the season, entertaining many distinguished visitors to the fair at her home in Claremont. The Bowles place, "The Pines," is one of the beautiful estates on this side of the bay.

Miss Marjorie Middleham is one of the popular girls of the army set across the bay and has been entertained at a number of recent affairs at the Presidio where she has been visiting friends.

## INTEREST ATTRACTED TO HORSE SHOW.

The horse show, scheduled for September 30, at the Exposition, is attracting much interest on this side of the bay, and among the patronesses are Mrs. Oscar F. Long and Mrs. George McNear. There have been many fearless horse women over here, the roads and bridge paths through the hills being splendidly full of charm. Mrs. Long and her daughters ride exceedingly well, and they seem to be absolutely without fear.

Miss Pussy Creed also rides in a graceful fashion, and she makes a very lovely picture one full of charm. Mr. and Mrs. Wigginton Creed both ride exceedingly well and they are fond of week-end trips on horseback, especially over to their Contra Costa ranch, Los Vedanos. They have often taken long trips in the mountains, riding for days, in that fearless fashion that is charming. In fact, this is the way of adventure, for it takes one through byways beautifully picturesque, impossible to traverse by way of an automobile. For the motor car must inevitably keep to the beaten track.

All the daughters of the Chabot family are superb riders, especially Mrs. Leon Bocuvar (beautiful Clara Chabot). They are known as far and away the most fearless riders in all of Sonoma county, and they return from their summer outing in the country the picture of health, because of the long rides, over hills and dale, which make up the measure of their out-door life.

family all ride well, as does Miss Helen Hinkley, and they all keep in practice on the big Hinkley ranch over in Nevada.

Mrs. Edward de Laveaga (Delight Woodbury), is one of the young matrons who appears very often for a morning ride in the park, and Mrs. William Canale, and Mrs. Clarence Shuey are both good riders, so are Mrs. Wickham Havens, and Mrs. Charles Keeney (Florence Henshaw).

MRS. J. J. SCOTT IS HOSTESS OF WEEK.

Among the very interesting bridge parties of the week was that given by Mrs. Joseph Jay Scott, who entertained many guests in her most attractive home on Jackson street, San Francisco. She gave the bridge afternoon in honor of Mrs. Charles Livingston Acker of New York City, who was formerly Miss Laura Sargent of Alameda. Mrs. Acker is here for a visit with her parents and at the Exposition, and many of Mrs. Scott's guests were from this side of the bay. Mrs. Scott planned her bridge party along very delightful lines. It was a Japanese party, with asters for decorations, and Japanese coloring to brighten the scene. The prizes were Japanese embroidered vanity boxes, and little Japanese maids in costume served the refreshments.

The guests of the afternoon were: Mrs. Acker, Mrs. Percy Addison Wood, Mrs. George Jensen, Mrs. Frank Buck Jr., Mrs. Bertrand L. York, Mrs. Earle Miller, Mrs. Ruth Hall Cammiller, Miss Harriet Sargent, Mrs. Peter B. Kynne, Mrs. Charles Deveny Holman, Miss Edna Osborn, Miss Margaret Baum, Miss Margaret Alderson, Mrs. Lucille Hill, Mrs. Ralph C. Emmans, Mrs. Robert Simpson, Mrs. Charles Youngberg, Miss Helen Johnston, Miss Betty Scott, Mrs. Eugene Stockwell, Miss Matilda Molant, Miss Louise Molant, Mrs. John Esmond of Chicago, Mrs. Edwin Otis.

Among the guests also was Miss Agnes Wilson, daughter of the Secretary of Labor, who is a most charming girl, and one interested in everything pertaining to the uplifting of woman's work.

The Van Sickle of Alameda have entertained for Mrs. Acker, and many other compliments were planned for her during her stay in Alameda.

of debt in a few months. Mrs. A. M. Esteve reported that five charter members were still on the list. Others present were: Mrs. M. L. Anderson, former curator; Mrs. F. M. Wells, Mrs. L. P. Phell Club is to send its members to act as reception committee at the California building on September 20. On September 13, Mrs. C. W. Kinsey will be the receiving hostess there, assisted by several of her friends.

"ROUND TABLE" MAY HAVE NEW RENOVATION.

In England, afternoon tea is being much more comfortably served than in past months. One of the fine hosts of London is Sir Hugh Law, and a description of afternoon tea in his home is typical of many households.

"At Sir Hugh's home, Lindsey House, in Cheyne Walk, one met many people. They came to afternoon tea—all kinds of people and from everywhere, and nearly always interesting. The guests were not dotted about the rooms at random, as is invariably the case at a London 'at home,' endeavoring to carry on a conversation across the room while desperately trying to balance a cup on the knees; here all were gathered around a large circular table, which appeared to have an unlimited capacity for seating people, however many came. Sir Hugh was untiring in his attention to the guests; he was a most successful host, having the faculty for making each guest appear at his best."

The circular table for the veranda is coming into vogue, and many hostesses have now a collection of small tables, made in the Orient, each of which is placed beside a guest, or among the guests, on which tea may be served.

They are a boon to men, who have not yet mastered the art, which is to them like a juggling game, of holding a plate and a cup and saucer at the same time.

MARINA RANKS AS RIVERIA OF P. E.

The Arthur Merrill Browns of Alameda spend a great deal of time on board of their delightful yacht Caprice, anchored off the Marina. Mrs. Brown has been entertaining on board the yacht very delightfully, and her friends have greatly enjoyed the afternoon teas she has planned for them.

It is charming on board the yachts at the Marina. One has the most magnificent sea view in the world, and from the yachts the Exposition looks like some wonderful foreign city, as indeed it is, our "City of Dreams." Mrs. Brown had among her guests last week her sister-in-law, Mrs. Herbert Hamilton Brown, Mrs. Mygatt, Mrs. William Sharon, Mrs. William Volkman (Gladys Meek) and Mrs. Rolla Watt.

SEPTEMBER DAYS LURE MANY TO WOODLAND.

The September days still find many well-known people in the heart of

vacation days. The Joseph Carlsons have closed their home, "Geranium Place," and are at Tahoe. They are very fond of the Autumn woods, and the Sierras are indeed lovely, with the wonderful autumn foliage.

Mrs. Huntington and her daughter, Miss Marian Huntington, are entertaining guests, among them Mrs. Huntington's daughter, Mrs. Gilbert Brooks, whose beautiful home is on the Hudson.

The Huntingtons are very fond of motoring, and their guests enjoy with them many well-planned motor trips.

Mrs. Huntington has also entertained her son, Howard Huntington, of Los Angeles, and his charming wife, who was pretty Leslie Green of Berkeley.

Miss Marian Huntington is one of the most gifted of the amateur musicians around the bay, playing very beautifully on the violin.

Mrs. Huntington's eldest daughter married Brockway Metcalf of Berkeley, and they often join Mrs. Huntington in her motor trips through California.

Mrs. George Hammer, who has been spending delightful days at the Feather Inn, in the picturesque country near Keddle, returned home this week, and others who have recently returned to Oakland are Captain and Mrs. Minor Goodall and their daughter, Miss Helen Goodall.

The Goodalls are very fond of Catalina, and they plan to spend a month or two there every summer.

Mr. and Mrs. Murray Orrick returned to town this week from a two-weeks' motor trip through the mountains, and among others returning to town is Mrs. William Thornton White, who has been in Portland this summer, where her family has many friends.

TYLER HENSHAW TO VISIT IN OREGON.

Mr. and Mrs. Tyler Henshaw are planning a vacation trip, and they will go north and spend some time in Portland, where Mrs. Henshaw's father is, and where is her old family home.

No hostess in all the bay region is more hospitable than Mrs. Henshaw, and she finds a real joy in life in making friends welcome in her beautiful home.

A beautiful, abiding gift of hospitality is hers, and it finds its true development in her wonderfully artistic home.

Mrs. Henshaw's guest this week has been Mrs. Knapp of Portland, Ore., for whom Mrs. Henshaw planned an informal card afternoon. There were three tables of bridge, the guests being neighbors, informally invited over the telephone, and the afternoon for the charming northern guest was truly enjoyable.

Informal gathering are often most successful, for they are characterized by a spontaneity and enthusiasm, characteristics which he always at the heart of a good time.

Why Not Have Curly, Wavy Hair?

While abroad last year a matron much envied for her youthful looks, generously confided to me several little beauty secrets which I prize highly. One of the best of these is that straight hair can be made wavy or curly over night by merely applying a little liquid salmerine. Some peculiar attribute of this harmless fluid causes the hair to dry in the most exquisite curls and waves, having all the appearance of true naturalness.

My friends who have tried this are simply delighted. I find that pure liquid salmerine can be procured from any drugist here, and a few dimes will keep the hair in curl for several weeks. There's nothing gummy, greasy or messy about it; on the contrary, it is quite pleasant to use. I'm sure if you will try this tonight—apply with a clean tooth brush—a look in your mirror tomorrow morning will give you a most agreeable surprise. Anita Amber's "Beauty Talks." Advertisement.

MISS LUMMIS IS BRIDE OF FISKE

LOS ANGELES, Sept. 11.—Many friends and a large contingent will be interested to know that Fiske, the bright daughter of Charles F. Lummis, was married in Seattle the other day to Frank Fiske, a nephew of the great historian, John Fiske.

Fiske was born in the Indian pueblo of Santa, N. M., christened by an Indian godmother. The name means "Sunburst," or "Rainbow" of the "Sun." Fiske was a year old and for a short time, she was her father's constant companion, not only in his business here, but in his travels and lectures and other work in the East. At 6, she was the first white female who ever stood on the celebrated Inland Empire. Fiske was married by David Starr Jordan and wife and a few others whom Lummis had bailed up with from the East.

Fiske is in newspaper work and his bride has been for some time society editor of the Star, Tucson, Ariz.

## BAPTIST YOUNG PEOPLE IN RALLY

World's Congress Delegates Hear Interesting Addresses and Program.

Under the supervision of Fred D. Parr, the World's Congress of Young People's Societies held a rally at the First Baptist church in this city last evening, during which a literary and musical program was carried out before a crowded edifice.

The principal speakers of the evening were Rev. H. H. Bell, executive secretary of San Francisco's committee of one hundred, supervising the Tabernacle meetings, and K. S. Inui, secretary of the Japan Society of America.

Speaking on "The Great Commission," as issued by Jesus Christ, which was "Go, make disciples of all nations in the name of the Father, the Son and the Holy Spirit," Rev. Bell emphasized the authority of the command, its compass, and what it included. He told of how, to fulfill the command, a worker in the army of the Lord must reach out for all people, regardless of their race, color or conditions.

"It's a challenge to the personal equation," said the speaker. "I am to go. You are to go. It means personal surrender, obedience, sacrifice and an expectation of and usage of supernatural power."

K. S. Inui spoke on the assimilation of Japanese. He said: "In the United States we often hear the statement that the Japanese are unassimilable, but when we analyze the differences between the Americans and Japanese we will find their differences in non-essentials, such as habits, customs, manners, but in essentials we see the unity. In the question of morals, principles and ideals we find unity because of their sincerity, love and forgiveness are universal, only expressed in different ways. Therefore the Japanese can learn American habits and customs very easily. My appeal tonight is that you give us co-operation. We are doing our best."

Spiritual reading by a bevy of Chinese maidens from the Oakland Chinese Baptist Mission, under the charge of Miss Hall, was one of the features of the program.

Annie Quon, one of the little Chinese misses, was heard in a solo. Otis D. Ironmonger, soloist: the African Male Quartet of

OAKLAND YOUTH TO SERVE

BRITAIN AS AVIATOR

WAR ALLURES HIM OVER SEA

Commission as Flight Lieutenant Granted by King George.

With a lieutenant's commission in his pocket, Guy D. Smith, 19-year-old Oakland boy, today is rushing across the continent to Eastern Canada, to embark for England and join the royal naval air service.

The son of Mr. and Mrs. W. S. Smith of Oakland, he has for months been mastering the airplane at an aviation school in Alameda.

A few days ago he passed his war examination in British Columbia.

In England, he will study at the Hendon aviation field for a few weeks and then begin combat duty.

Smith was wireless operator on the Johnson seamer Mazatlan, which last fall, it is alleged, sought to aid the German fleet off the Pacific coast by furnishing coal and provisions.

According to his story, he was commanded by the captain of the ship, a British officer, to make the German commander of the fleet of the whereabouts of the ship. He refused, and put the wireless apparatus out of commission.

Smith-Petty, a New Zealander, and Walker, a Canadian, are at the Alameda aviation school preparing for war service.

CHAIN GANG AIDS IN FIGHTING FIRE IN HOME

The chain gang yesterday saved the home of Charles E. Batters, 41 Chabot street, from being consumed by a fire. Working on the road when the screams of a woman attracted Patrolman Foran and Kimmel, who were going to the chain gang. They called to the prisoners and ran to the scene.

The fire was raging about the rear of the house. With the aid of the prisoners a fire fighting brigade was organized, and the blaze was extinguished after a stiff fight. Only a small piece of the steps leading to the house was burned.

"These boys have worked bravely," said Batters when he was told of the work done to save his house. The men were given \$2 for tobacco for the chain gang.

ILL; ATTEMPTS DEATH

TELLS OF NON-PARTISAN PARTY

Shortridge Speaks to Center RIGHT TO ORGANIZE IS UPHELD

Declaring that the very existence of a "non-partisan party" belied the spirit of its apparent propaganda, and that no party in the nation can afford to ignore itself from the national news of politics, Samuel L. Shortridge yesterday afternoon addressed several hundred women of the Oakland Civic Center at the Hotel Oakland.

"That the right to organize politically should be recognized and guaranteed by the state as much as that to organize for fraternal, social, commercial or religious purposes was a point emphasized as well as one that the object of the non-partisan law is to ultimately break down or injure national parties. In part Mr. Shortridge said:

"We have developed more laws and brought about more reforms in the last four years than in the fifty years before. The purpose of the non-partisan law is to do away with political parties insofar as they may effect the destiny of the nation.

"We should have, in spite of laws, great national organizations and great national problems. The nation will divide itself on fundamental problems. If national parties are allowed, if it is necessary for the welfare and safety of the nation that such parties should be allowed, then it is necessary that the spirit of those parties should also be kept alive.

A FUNDAMENTAL PRINCIPLE.

"I believe reverently in the fundamental principle underlying the Republican party, but I know men as good and better who believe in the great historic democratic party.

"The people, under the federal constitution and the one of the state have a right to meet, to instruct representatives, and to petition for redress of wrongs. This is a representative government and one of its objects is to that group of men who are trying to change its form.

"The plan and purpose, the ultimate end of the non-partisan law, is to break down and injure the respective national parties. California is not an independent nation. We are one of a family of states and we depend upon legislation of a national character. We cannot stand alone.

"Non-partisanship has grown into a party. The very non-partisanship is a party.

"The primary law and the non-partisan law in breaking down party lines will close the door to the poor man who seeks state recognition and open it to the rich man. To make a single-handed fight it becomes necessary to spend great sums to bring one to the attention of the voters of the state. People have a right to organize fraternal, educational, religious and other parties or societies and as men and women have a right to organize such societies have they the right to organize political ones. Why should not the laws of the state protect the members of a given party so that the thousands of its members shall be able to further the cause they espouse?

"It is idle to say the destruction of parties in the state will not affect the parties of the nation. We cannot have a personal government and we cannot have an individual government. We are a part of the republic to carry on well-defined principles and policies."

Bootleggers Exiled by Town After Murder

HICKMAN, Ky., Sept. 11.—Business was suspended here yesterday while regulators, led by ministers and some of the more prominent citizens of Hickman, Ky., were engaged in a search for bootleggers and forced their proprietors and employees to leave town.

This action followed a triple tragedy last night when Claude Johnson shot to death William Collins, a local merchant, A. Naylor, a deputy sheriff, and himself was killed by a crowd of men and boys. Collins had testified he bought whiskey from Johnson. No arrests were made by the visiting committee yesterday, but many gallons of liquor were confiscated and poured into the streets. No efforts were made to resist the action of the regulators.

California is perhaps more deeply interested in the development of the Philippine Islands than any other state in the country. The securing of the islands, industrial, agricultural, financial and political conditions of the Philippines will mean a great deal in dollars and cents to the Pacific Coast. See Sunday's Tribune.

WOMAN FEARS SICKNESS; SHOOTSELF

SAF FRANCISCO, Sept. 11.—Because she believed her husband and children would be happier without her and fearing that she would become a burden upon them for the remainder of her life, Mrs. Rosie Corica, wife of Joseph Corica of 1417 Willow avenue, Alameda, attempted suicide at the home of her school girl chum in the Italian quarter this morning. She now lies at the Central Emergency Hospital near death with three bullet wounds inflicted from a 38-caliber revolver.

Mrs. Corica took the first opportunity she had of getting away from her husband and four small children to make the attempt on her life. The little family was to have moved today from their Alameda home to a new residence on this side of the bay. Mrs. Corica, being ill, came over yesterday to the home of Mrs. Dominica Tollerito, 1022 Greenwich street. Shortly before 10 o'clock this morning she fired a bullet into her right ear and two more into her chest. Mrs. Tollerito heard the shots and immediately sent her to the hospital.

Policeman James Culhane reached the home before Mrs. Corica landed into unconsciousness and to him she gave a note addressed to her sister. It is that she tells of her ten months illness, of her sorrowing husband crying over her condition of the suffering for medicine and doctor bills, of the journey to church on the part of the little family to pray for her recovery and of her fear that she would never get well and would be a burden on her loved ones. Mrs. Corica was only 25 years old.

Merchant Shoots Self

SAF FRANCISCO, Sept. 11.—Worried over financial troubles in connection with his business, Edward Gray, proprietor of the Hotel Grand, 245 Chestnut street, fired four shots into his head this morning. He is in a serious condition, and the physicians at the Central Emergency hospital are doubtful of his recovery.

The act was did not succeed in instantly killing himself was due to his having in his possession only a 22-caliber revolver.

Mrs. Gray, his wife, was in the kitchen when she heard a shot. As she ran toward her husband's room she heard four more shots fired.

One of the bullets missed, but the others struck Gray in the forehead and back of the head. He was taken to the hospital on a stretcher, according to a step-son, who is the only relative besides Mrs. Gray, the merchant had been despondent over money matters for some time. He declined to give a statement.

FAMOUS WAR GOVERNOR DIES

Wm. Sprague, Noted Statesman, and Last of Civil War Executives, Dies.

By Associated Press.

PARIS, Sept. 11.—William Sprague, famous "war" governor of Rhode Island, and twice United States Senator from that state, died today, aged 84. His death was due to meningitis, coupled with infirmities of age.

Mr. Sprague, at the outbreak of the European war, converted his apartment in the Rue de la Pompe into a convalescent hospital for the wounded of all nationalities. He had lived in Paris several years.

William Sprague was the last of the civil war governors. He outlived every member of Lincoln's cabinet, every chief executive of the states and nearly every member of Congress of the war period.

He probably was the youngest man in this country ever elected to the governorship of a state. When only 29 years old, in 1860, he was chosen as Rhode Island's chief executive, serving three consecutive terms of one year each. In his third campaign only 65 votes were cast against him in the whole state.

Born at Cranston, R. I., in 1830, he early inherited a large fortune. The Sprague family had been prominent in the political, industrial and social life of the state since the revolution. Young Sprague anticipated the civil war. For two years prior to the outbreak of the war he maintained full batteries of artillery at his own expense. When the war came Rhode Island and Sprague were ready to rush to the front.

The youthful governor, at the head of 2000 well-drilled troops, was one of the first to reach Washington. He marched with his volunteers to the battle of Bull Run and later to the Peninsula.

Governor Sprague was the last survivor of the famous conference of twelve Northern governors at Altoona, Pa., in 1862.

We had to take a lot of abuse in return for our endorsement of Lincoln's emancipation proclamation," said Governor Sprague recently. "We were hissed in the streets and were denounced as traitors."

At 33 years of age he entered the United States senate and served during the administrations of Lincoln, Johnson and Grant.

WEDDED KATE CHASE

He married the beautiful and brilliant Kate Chase, daughter of Lincoln's secretary of the treasury and later chief justice of the United States Supreme Court. Lincoln, his cabinet, Congressmen and foreign ministers attended. It was the most magnificent wedding ever held in the national capital up to that time. It is said to have cost more than \$250,000.

The young couple led a brilliant social career in Washington and Rhode Island. Sprague erected a beautiful mansion at Narragansett Pier which cost \$1,000,000 completely and was the show place of the state. The furniture alone, all foreign made, cost \$250,000. More than \$150,000 worth of art objects filled the four-story frame structure.

A crash came in 1873. When the financial panic swept the country the \$16,000,000 business house of the Spragues, which owned large printing cloth factories and numerous other enterprises, went into bankruptcy. Law suits stripped the family of its fortune, leaving him only his country home, named "Canochet," after an Indian chief.

OLD HOME RETURNED.

Before he had recovered from that blow another fell. Mrs. Sprague became ill and died. He was left a widower with a young son, and he sailed for Jamaica. Senator Roscoe Conkling was driven from the mansion at the point of a shotgun in the hands of Sprague. Divorce soon followed.

Later "Canochet" was sold over the head of the governor. Frank D. Moulton paid \$52,250 for the \$1,000,000 estate. When he appeared to take possession he found "Canochet" in a state of siege. Governor Sprague, armed with his historic shotgun and surrounded by his supporters, stood ready to repulse invasion. The siege lasted for many weeks, until the matter was taken into the courts for settlement.

When Moulton died in 1885 his widow returned the mansion to the governor in consideration. It is said of a mortgage for \$62,500. Sprague immediately moved in, bringing his second wife, who was the daughter of (Weed) Calvert of West Virginia. The old place was dear to the aged statesman. Here he had entertained such Americans as President Garfield, Chief Justice Chase, Horace Greeley, General Benjamin Butler and Samuel J. Tilden.

The last blow fell when "Canochet" was destroyed by fire in 1903. The governor and Mrs. Sprague barely escaped with their lives.

"I was in Washington the other day," said Governor Sprague, in speaking of his eventful life. "The scenes there did not make me wish to be among them. Here in the quiet after the heat of the day, I have found bliss. I bear no grudge against any man, and one of the comforts of my retirement is that I find nothing to condemn mankind for."

Nichols Murder Used as Warning to Rich

By Associated Press.

NEW YORK, Sept. 11.—The murder of Mrs. Elizabeth Nichols, Wednesday night by three robbers who seduced an unfaithful house servant into admitting them to her home, has been taken by Inspector Faurot of the New York detective force as a text for a warning to the wealthy against lack of care in selecting their household retainers.

"There are any number of vagabonds at this minute employed in the homes of the rich," the inspector said. "The police today virtually admitted that they had lost the trail of the men wanted for the Nichols crime."

LOSES IN RACE WITH 'SPEED COP'

W. F. Lemon Caught After a 40-Mile Chase; Many Are Fined.

HATWARD, Sept. 11.—An attempt to elude Motor Traffic Officer Earl H. Sherman resulted in a sensational chase and the capture of W. F. Lemon, an autoist, after a forty-mile-an-hour race on the Boulevard. Lemon was finally arrested at the Southern Pacific depot in San Leandro and his case will come before Justice of the Peace Charles Prowse next week. Lemon, according to Sherman, apparently thought he could outdistance the speed cop's machine, and crowded on speed and switched into a side road leading from the Boulevard into San Leandro with the evident intention of giving his pursuer the slip.

Mrs. W. A. Sherman, society woman of 351 Santa Clara avenue, who was arrested for speeding at 45 miles an hour when taking part in the endurance run to the Yosemite failed to appear before Judge Prowse yesterday afternoon and her case was continued until next week. Ten motor speeders were dealt with by Judge Prowse in the case. Two seventeen-year-old youths, H. McGee and William McDonald, who were caught speeding on their motorcycles were turned over to the juvenile court in Oakland for sentence. Fines of \$25 were imposed on the following: J. A. Hines, G. E. Abbott, W. Mason, G. W. Grant, I. C. McCoy, E. Lemar and M. Caselli.

MANY WILL STRIVE FOR RUESS' PLACE

Probation Officer to Leave His Office for Ministry on Sept. 22.

Christopher Ruess, chief probation officer in Alameda county for a number of years, will retire from his position September 22 to return to the pulpit, having accepted a call to a Unitarian congregation at Fresno.

There probably will be a number of candidates for the vacancy, the filling of which is in the hands of the probation commission and Superior Judge W. H. Donahue. The juvenile court, Judge Wells is at present in the East and is expected here about the first of October. The vacancy will not be filled until that time.

Among the names that have been mentioned as likely candidates for the chief position in the probation office are Ollie Snelgar, assistant, who handles a large portion of the juvenile court cases, and Leonard D. Compton, assistant who handles the cases in the criminal department of the Superior Court. Both men have made excellent records during their service in the probation office.

Snelgar, who is a member of the bar, is a native of the county and has been an assistant, Compton having been appointed about three years ago.

## Ty Cobb Is Batting, But Not Worrying

### Still Leading in Batting, Base-Run- ning and Run-Getting

By Associated Press.  
CHICAGO, Sept. 11.—Ty Cobb has again fallen into a tiring slump. But despite a drop of five runs a new lead of four last week, the Detroit star is still leading the American league with an average of .314.  
West, Brooklyn, tied with .302; Snyder, St. Louis, .301; Morale, New York, and Hinesman, Pittsburg, tied with .301; Grifflin, Cincinnati, .295; Gros, Chicago, tied, .294; Fisher, Chicago, and Collins, Pittsburg, tied with .287; Robertson, New York, .287.

Cobb maintains his speed on the bases, however, and is leading the league with 32 stolen bases. He also has strengthened his margin as the leading run scorer, leading it with 100 runs scored. Cobb's team mate, Grover Cleveland Halladay, leads in runs scored with 76 and in home runs with 21. Fred Thompson, with 34, leads the base stealers.

War Shares Show Decided  
Decline on Stock Exchange

NEW YORK, Sept. 11.—Light trading with a lower price tendency featured today's brief market session. Inferences growing out of the foreign situation helped to restrain bullish enthusiasm, even though other news was of a conservative character. Bank clearings offered further proof of business improvement and steel mills were reported as refusing additional orders, having reached the limit of capacity. The movement of stocks was narrow for the most part, war shares, however, showing decided declines from yesterday. United States Steel was under pressure, falling point to point. The price of the stock, and railroad shares were weak, to yield a point or thereabouts. The closing was heavy. Bonds were irregular.
